Provision of Liquor and Catering at VCC

The Victorian Croquet Centre should operate in a manner which does not impose costs upon the many members of the Victorian Croquet clubs who do not regularly use the facilities. Consequently, the provision of liquor and catering for the croquet community (including Gateball players) must be conducted to achieve profitability from the bar and kitchen. However, prices for both the bar and catering for the croquet events will be set at a moderate level, helped largely by the availability of qualified volunteer labour.

The liquor licence at the Victorian Croquet Centre authorises the licensee to supply liquor:

- on the licensed premises to a member of the club or a guest of a member for consumption on the licensed premises;
- on a part or parts of the licensed premises to a person attending a pre-booked function for consumption in the area where the function is being conducted

Liquor supplied under this licence may only be purchased from the holder of a general or packaged liquor licence. The licence does not permit the consumption of liquor brought on to the premises by members or guests.

VCA adopts the policy that all liquor consumed by members or guests must be purchased from the VCC bar at prices set by the bar management. If a croquet-related event or function wishes to provide drinks and other bar beverages to members or guests, then that event or function will be billed at bar prices. Non-alcoholic drinks may not be brought in to VCC by members or guests for the purposes of supplying an event or function. However, this is not to prohibit players bringing non-alcoholic drinks for their own consumption during play. If some non-standard liquor or other drink is desired for an event, VCC will undertake special purchases to meet reasonable requirements.

VCA also adopts the policy that food purchased at croquet events or functions be priced by those responsible for catering.
