

Council Member Profile

Council Member's Name: Hetty Veldman
Council Position: Regional Delegate (NDCA)
Date Elected: June 2018
Date Re-elected:
Term Expires: 2020

Description of Background / Expertise:

I am a retired Registered Nurse with 45 years experience in a variety of clinical areas including midwifery, women's health and administration.

In these, and other roles, I have been involved in committees and working parties within a variety of frameworks which focused on policy and procedure formulation to meet the needs of a changing health care environment. I work satisfactorily both independently and as a member of a multi disciplinary team. I have well developed interpersonal, communication and evaluation skills along with excellent research abilities. I welcome the challenge of change and innovation and the opportunity to participate in the development and implementation of new ideas.

On a personal level, I am hardworking and thorough and committed to best practice in whatever I choose to pursue. My collegiate style is ethical and honest with a high regard for confidentiality. My people skills are non judgmental, culturally sensitive and tempered with a keen sense of humour and realistic outlook. I do not, however, suffer fools gladly.

Interest and/or Involvement in the Sport:

Golf Croquet has been my primary focus for 3 years and I have recently challenged and frustrated myself by attempting to learn Association - with indifferent results thus far!

Sub-Committee Involvement:

This is my second year as President of the Castlemaine Croquet Club, having been Vice President previously.

Currently I have no involvement at VCA level other than as NDCA Regional Delegate although I expect this will change rapidly. Fortunately I still have some willingness to climb steep learning curves!
